RE: ARRA MPO Modifications to FY 2010-2013 STIP (ARRAMM10)

Dear Mr. Barry:

In accordance with the Amendment Process contained in the STIP/TIP, notification is given of the attached ARRA projects that require modification. This modification adds a regular federal fund source to the TIP so that these ARRA projects can be split funded with ARRA and formula funds. Funding comes from available balances.

Approved:

  
GDOT Director of Planning

Ken -

Thank you for the quick turnaround last month when we added additional ARRA projects to the Macon TIP. I need to ask one more favor from the Macon MPO regarding these projects. After consulting with FHWA, GDOT has decided to split fund the I-75/I-16 ROW phases with C200 and L200 funding. If for some reason down the road the right of way costs less than our current estimate, split funding these phases will reduce the risk of GDOT releasing and losing ARRA funds in the future. Attached are the proposed revisions to the fund sources for these projects. Please call me if you have any questions. If you concur with these changes, I'd appreciate an email noting the MPO's approval of this TIP modification at your earliest convenience. Thanks again for all of your help!
