RE: ARRA MPO STIP Modifications to FY 2010-2013 STIP (ARRAMM2)

Dear Mr. Barry:

In accordance with the Amendment Process contained in the STIP/TIP, notification is given of addition of the attached ARRA projects that require modification. Funding comes from FY 10 ARRA funding.

Approved:

GDOT Director of Planning

Subject: RE: ADMIN MOD FOR ARC C230 2-12-10.xlsx

Meg,

Based on our phone conversation, ARC has immediately processed administrative modifications to convert these projects to C230 funds to ensure that no residual funds remain when the March 2 obligation deadline arrives. We acknowledge that some projects currently programmed with ARRA funds will not make the deadline and will need to be converted back to the original fund source and that the projects on this list will utilize funds previously committed to those projects. We will ensure that local sponsors are aware of the situation with regard to affected projects.

This should be sufficient to secure approvals from the Governor and FHWA to move forward on these projects, but if you need anything else, please contact me. Monday is a holiday for ARC, but I will check email at least a couple of times. You can also call me at 404.808.9890.

David

Importance: High

David,

Attached is my proposed list for C230 admin mods. If you can turn around the admin mod quickly I will get to the Governor on Monday. It's more than we need, but again the uncertainty with our remaining local projects and the local projects on this list make me want to be safe rather than sorry. If you have issues with anything on this list, please let me know, but I think all are pretty straightforward and they passed the Henry Green test. Thanks!!!
