Meg,

ARC accepts this administrative modification request and considers it effective immediately. There is currently a sufficient unused L230 balance in FY 2010 to accommodate the increase in cost. As with related ARRA administrative modifications last week, the changes will not actually be reflected in an updated project list until the regular 1<sup>st</sup> quarter administrative modifications are processed on March 5 and posted on our website.

Please let me know if you need additional information from ARC in order to obligate this project.

David – Attached is a proposed ARC TIP Administrative Modification to adjust the funding on PI 0006726, Fayetteville Connecting Sidewalks. We are **\$7,970.12 short of C230** funds to fully fund the authorization for this project, so we need to split fund it with the original fund source, L230. Once bids are received, we will adjust the authorization as needed to reflect the low bid received by the City. Thank you for your prompt attention to this administrative modification to the ARC TIP.
